

Environment - Statement

This statement applies to all, premises and activities within the control of RKL PLYWOOD (UK)

RKL PLYWOOD is committed to the conservation and improvement of the environment, and to minimising the risks arising from its activities.

RKL PLYWOOD will manage its operations in ways that are environmentally sustainable and economically feasible.

In order to achieve these aims we have the following objectives:

- RKL PLYWOOD (UK) recognises that it has a duty to base its operations upon well-managed forests and to reduce, wherever possible, the impact of its operations upon the local environment of which they are a part.
- RKL PLYWOOD (UK) submits itself to independent scrutiny through its achievement FSC Chain of Custody Certification, to ensure that an increasing proportion of its timber products can be independently verified as coming from well-managed forests.
- To promote an environmentally responsible procurement of goods and services.
- To minimise the impact of transport on the environment arising from its own vehicles and those brought on to the RKL PLYWOOD (UK) distribution facility.
- To minimise the adverse environmental impact of the decommissioning and disposal of The Company's assets.
- To communicate within the Company and to the outside community.
- To raise awareness to staff of the Company's environmental impact, activities and performance and to promote individual good practice.
- Please call us to find out which products are currently available with FSC certification.

F.G. Hawkes.
Managing Director
RKL PLYWOOD UK
